IS THERE ANYTHING THIS COOKER CAN'T DO?

The Wolf Gourmet multi-function cooker adds a whole new, easy-does-it dimension to your dinner repertoire. It slow cooks delicious stews, soups, and roasts. Prepares up to 18 cups of rice. Sautes or sears. Even prepares food sous vide - for the most tender and flavorful steaks, fish and vegetables you’ve ever tasted. Of course, it also delivers the gleaming good looks and rugged reliability you expect from Wolf.
FEATURES

5 COOKING MODES FOR MEALTIME VERSATILITY
Use sauté/sear for precise browning control; Choose sous vide for steak, fish, and more cooked to the exact desired temperature; Prepare up to 18 cups of rice; Or take advantage of the slow cook modes for hearty stews, roasts, and soups.

INTUITIVE LCD CONTROL PANEL
Allows for simple selection of desired cooking mode, time and function, and keeps you informed about every detail, from cooking duration to temperature feedback.

LARGE CAPACITY
Stainless steel tri-ply vessel is a full 7-quart capacity, big enough for 18 cups of rice, a 5-pound beef roast, or enough spicy chili for a tailgate party.

ESSENTIAL ACCESSORIES
There’s an oven-safe glass lid; temperature probe that works in either program or sous vide mode; removable sous vide rack; and removable 7-quart stainless steel vessel that’s induction compatible, oven and dishwasher-safe. All included and shipped with the multi-function cooker.

STAINLESS STEEL CONSTRUCTION
The multi-function cooker is a seamless complement to Wolf cooking appliances, with its tri-ply stainless steel construction, red control knob and professional appearance.

STORES AWAY EASILY
Even with its large capacity and many features, the multi-function cooker fits easily under standard size cabinets, keeping counter space free.
